(i) total direct premium income, including policy, membership, and other fees or considerations not exempt under

subsection (1)(e) or (1)(f);

(ii) premiums paid by application of dividends, refunds, savings, savings coupons, and similar returns or credits to payment of premiums for new or additional or extended or renewed insurance;

(iii) charges for payment of premium in installments; and

(iv) all other consideration for insurance from all kinds and classes of insurance, whether designated as a premium or otherwise, received by a life insurer or written by an insurer other than a life insurer during the preceding calendar year on account of policies covering property, subjects, or risks located, resident, or to be performed in Montana, with

(b) The report must indicate proper proportionate allocation of premium as to property, subjects, or risks in Montana insured under policies or contracts covering property, subjects, or risks located or resident in more than one state, after deducting from the total direct premium income applicable cancellations, returned premiums, the unabsorbed portion of any deposit premium, the amount of reduction in or refund of premiums allowed to industrial life policyholders for payment of premiums direct to an office of the insurer, all policy dividends, refunds, savings, savings coupons, and other similar returns paid or credited to policyholders with respect to the policies.

(c) As to title insurance, "premium" includes the total charge for the insurance.

(d) A deduction may not be made of the cash surrender values of policies.

(e) The fees and taxes excluded from the definition of premium in 33-15-102 may not be calculated as part of premium for the purposes of the premium tax paid under this section.

(f) Considerations received on annuity contracts may not be included in total direct premium income and are not subject to tax.

(2) Coincident with the filing of the tax report referred to in subsection (1), each insurer shall pay to the commissioner a tax upon the net premiums computed at the rate of 2 3/4%.

(3) That portion of the tax paid under this section by an insurer on account of premiums received for fire insurance must be separately specified in the report required by the commissioner for apportionment as provided by law. When insurance against fire is included with insurance of property against other perils at an undivided premium, the insurer shall make a reasonable allocation from the entire premium to the fire portion of the coverage as must be stated in the report and as may be approved or accepted by the commissioner.

(4) With respect to authorized insurers, the premium tax provided by this section must be payment in full and in lieu of all other demands for any and all state, county, city, district, municipal, and school taxes, licenses, fees, and excises of whatever kind or character, excepting only those prescribed by this code, taxes on real and tangible personal property located

in this state, and taxes payable under 50-3-109.

(5) The commissioner may suspend or revoke the certificate of authority of any insurer that fails to pay its taxes as required under this section.

(6) In addition to the penalty provided for in subsection (5), the commissioner may impose upon an insurer who fails to pay the tax required under this section a fine of \$100 plus interest on the delinquent amount at the annual interest rate of 12%.

(7) The commissioner may by rule provide a quarterly schedule for payment of portions of the premium tax under this section during the year in which tax liability is accrued."
